# AMERICAN FYRE DESIGNS™

Outdoor Products Collection

Homeowners all over the country have come to realize the allure of fire in their backyards. Fire brings warmth, glow and serenity, encouraging us to relax and unwind. An American Fyre Designs™ exterior fire feature will anchor your outdoor living space and turn your patio into an outdoor sanctuary inviting conversation that flows well into the night – even when there is chill in the air.

From Fireplaces perfect for cuddling up under the stars, to Firetables ideal for entertaining, each product is expertly crafted from innovative glass fiber reinforced concrete (GFRC). GFRC derives its strength from portions of alkali-resistant glass fiber and acrylic polymer blended into durable concrete to withstand the outdoor elements. Modularly constructed for easy assembly, American Fyre Designs™ products are an elegant addition to any outdoor area.

American Fyre Designs™ products are available in a variety of styles, colors and textures to complement any décor. Warm your outdoor living area with American Fyre Designs™.

# Fireplaces

## Recessed Option

Fireplaces may be ordered with recessed hearth and/or body to accommodate field cladding in tile, stone, or other veneer. These recessed vertical surfaces are unfinished.

# Fireplaces

Create enticing outdoor ambiance with an American Fyre Designs™ Outdoor Fireplace. Expertly handcrafted from innovative glass fiber reinforced concrete (GFRC), a variety of styles, finishes, and options are available to select the right fireplace for you.

The Grand Series Fireplaces incorporate wall extension panels to create a more impressive design while keeping the same style and look of the fireplace. Wall extension panels expand upon the body of the Fireplace to create many new decorating opportunities while also providing a beautiful separation to the world behind the fireplace.

Most fireplaces are available in vent-free versions which permit you to locate your fireplace in a lanai or other covered outdoor area.

# Firetables

## Firetables

Our Firetables create the perfect ambiance for enjoying an outdoor meal or cocktail while also keeping you warm from the evening chill.

Fuel options include Natural Gas or self-contained Propane tank (most include a removable door to house a 5 gallon Propane tank inside).

### Manual Flame Sensing Control System

Match-lit, thermocouple equipped control with flame sensing recognition and manual flame height adjustment; if the thermocouple does not sense the presence of flame the gas will shut off regardless of valve position.

### Glass Wind Guards

Available for most Firetables (see pg. 34)

*Pictured above: Iron Saddle Firetable (580-TR-11-M7xC) in Travertine Antique Finish with Spheres and Lava Granules.*

## Feature Highlights

- Handcrafted from innovative Glass Fiber Reinforced Concrete (GFRC)
- Stainless steel burners
- Optional 110V FyreStarter Bluetooth Control (Available on Contempo, Versailles, Cosmopolitan, & Milan firetables only)
- Manual Flame Sensing Control Valve
- Access door with Tank Retention Frame to accommodate a 5 gal. LP tank inside the unit (Excluding Contempo, Versailles, Calais, & Milan Firetables)
- Adjustable flame height for comfortable dining
- Available for Natural Gas or Propane

### FyreStarter Bluetooth Control

This convenient new ON/OFF-High/Low electronic system allows you to use your smart phone to control your American Fyre Designs fire feature. Just download the app and you're ready to go. Or manually control at the appliance. (Available on Contempo, Versailles, Cosmopolitan, & Milan firetables)

### Tank Retention Frame

(Featured on products with Tank Access Door)  
Propane units that accept an LP tank include a steel retention frame to secure the tank in place and prevent rust by keeping the tank 2" above the ground. Leveling legs facilitate fine adjustment on uneven surfaces.
